

Modern Healthcare OS

MEDIA KIT

Hey Bobby how are you today?
00:00:05

I'm well. Today I'm doing well, feeling much better, very optimistic about our last session.
00:00:05

That's great Bobby. Happy to hear that. Is there anything else I can help you with?
00:00:13

No not today. Thank you so much for all the help we've been having and I'll see you next week.
00:00:20

Okay, sounds good. See you next week.
00:00:22

Workflows Management

Appointment automations

Appointment automations • Email & SMS
Reduce no-shows – send automated email/SMS reminders to attendees at set intervals (e.g., 24 hours, 1 hour) before the appointment.

Recurring appointment confirmation • Email & SMS
Reduce no-shows – send automated email/SMS reminders to attendees at set intervals (e.g., 24 hours, 1 hour) before the appointment.

Reschedule appointment • Email & SMS
Keep everyone informed – send email notifications when appointments are rescheduled to avoid confusion.

Cancelled appointment • Email & SMS
Keep everyone informed – send email notifications when appointments are cancelled to avoid confusion.

Follow-up after appointment • Email & SMS
Send follow-up messages to attendees after their appointment.

HIGHLIGHTS

Appointment scheduling

With Carepatron’s advanced appointment scheduling software, you can manage availability, booking times, patient preferences, and automated reminders seamlessly.

Find out more ►

Care-centered communication

Carepatron allows you to meet with clients regardless of where you, or they, are based. Host and AI transcribe video calls with ease.

You can also access client records, customize notification templates, email sync, and communicate with clients without switching platforms.

Find out more ►

Notes & documentation

Carepatron removes the hassle of paperwork and welcomes the new era of digital health records. Save time with automated notes, customized templates, and easy upload of client documents.

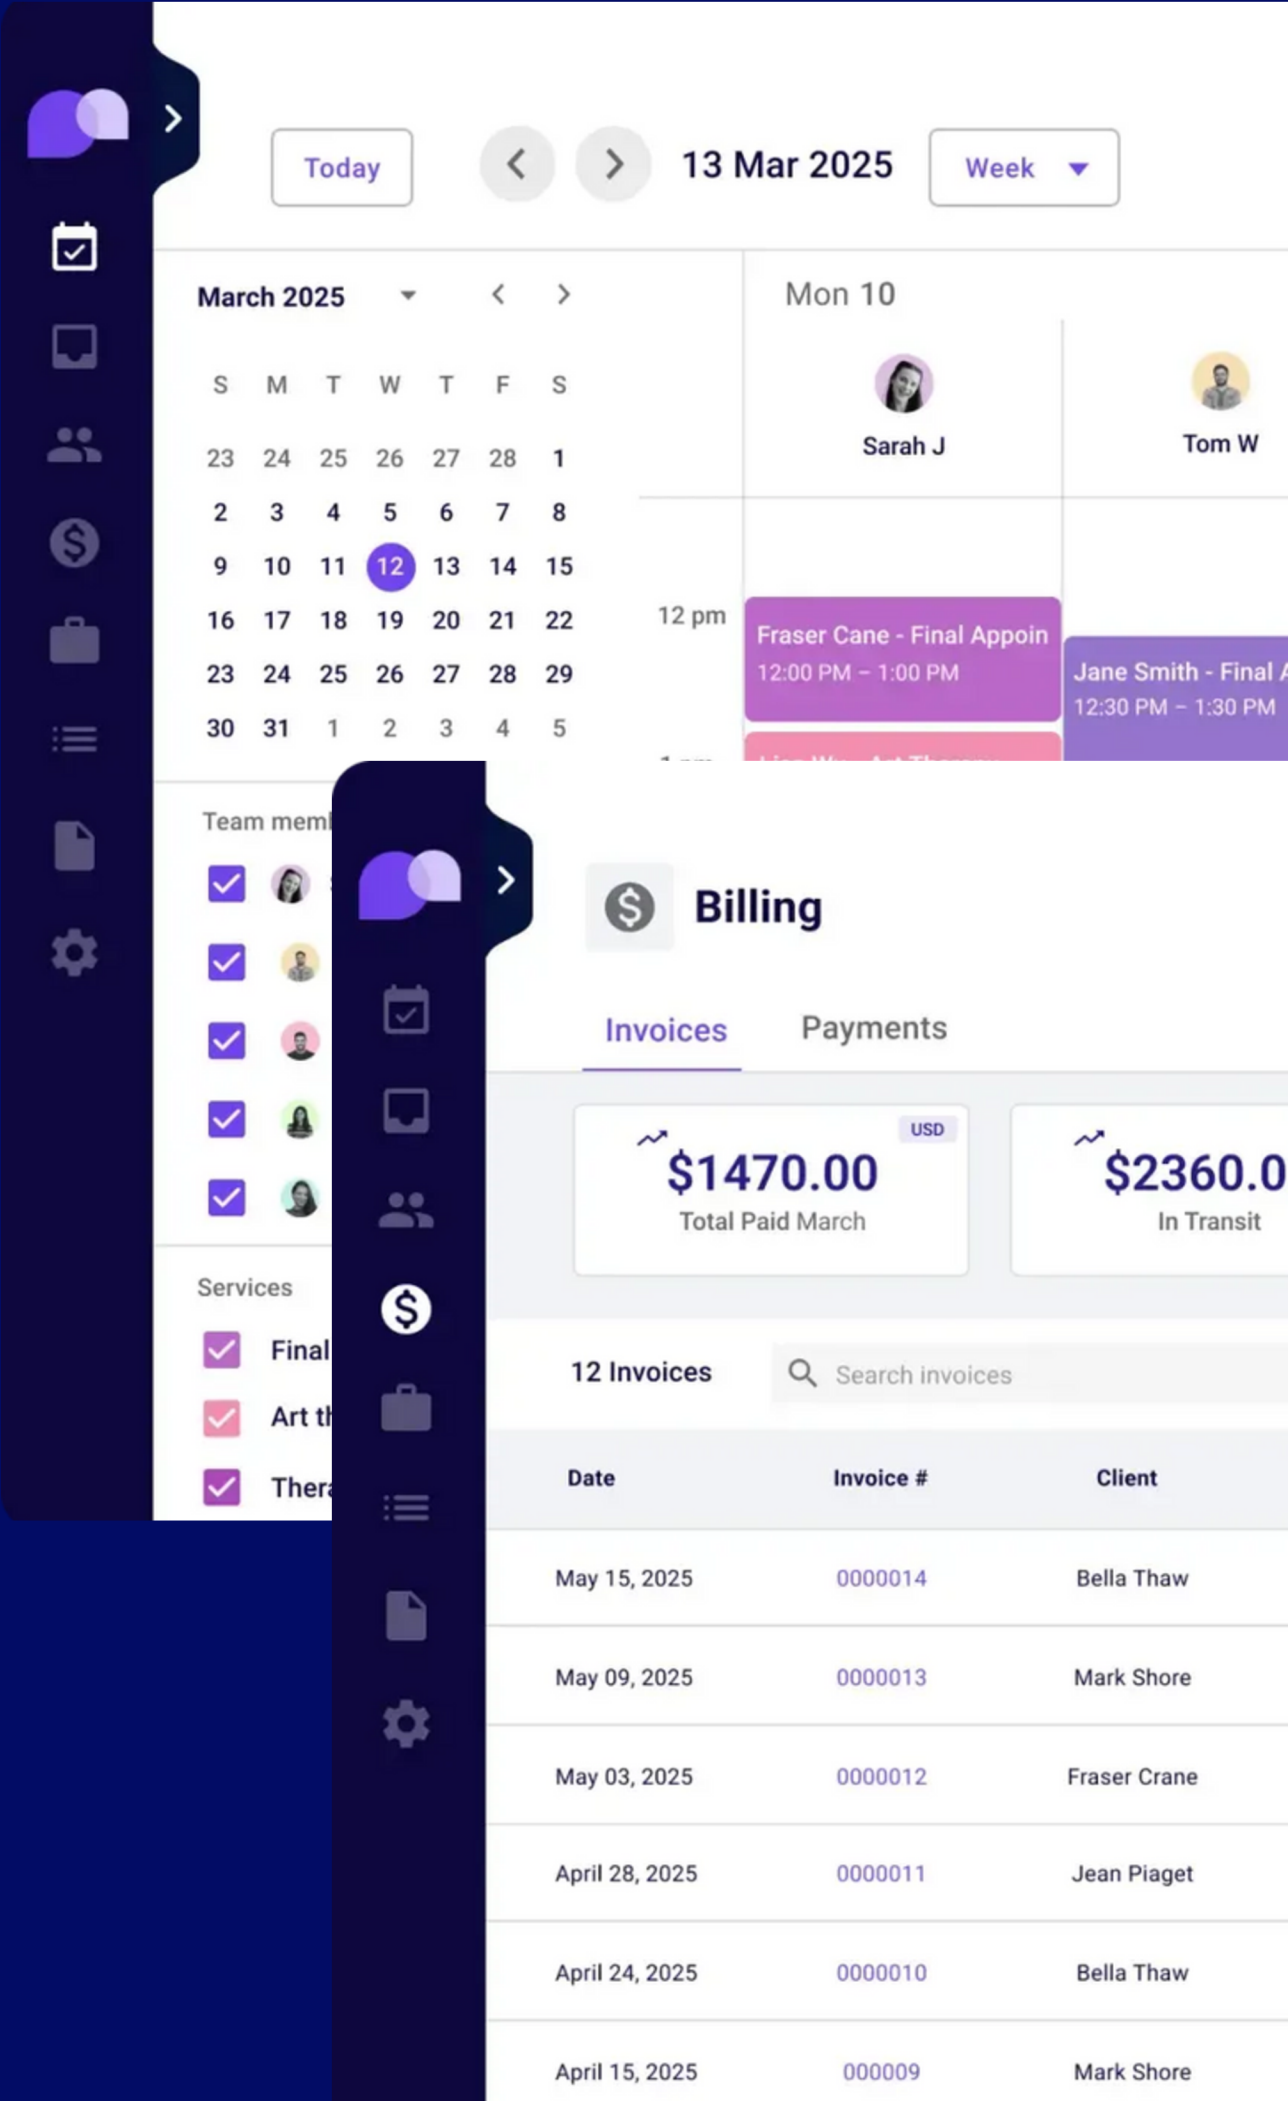

Find out more ►

Billing

Carepatron provides a streamlined solution for managing finances with billing automation. Submit accurate claims and get paid faster with online payments. You can also process refunds, personalize invoices, and export payment data, hassle-free.

LEADER PROFILE

Jamie Frew

Co-founder and CEO of Carepatron

Jamie strongly advocates for making healthcare available worldwide. He is committed to dismantling physical and digital obstacles to ensure that quality care is achievable for all, not just a select few.

“Radical accessibility doesn’t stop at practitioners; we understand that clients are also looking for viable ways to collaborate with their care providers online. We believe that the best way to better health is by bringing practitioners and clients together in one collaborative health workspace.”

LEADER PROFILE

David Pene

Co-founder and CPTO of Carepatron

David is providing more than just innovative solutions through Carepatron. He showcases how integrating technology with a deep understanding of healthcare needs, a caring attitude, and a forward-thinking mindset can bring about significant transformation.

“We promise to save health professionals one day every week by reducing the time spent on busy admin work like booking and rescheduling client appointments, responding to emails, and generating bills.”
